§ 1 SUBJECT OF UPIK AND PURPOSE OF THE D&B D-U-N-S NUMBER

UPIK[®] (“Unique Partner Identification Key”) is an online platform relating to use of the D&B D-U-N-S Number. The D&B D-U-N-S Number is a unique identifier. It is based on an identification number system developed by Dun & Bradstreet Inc., with numbers assigned to companies and similar economic actors (companies within the meaning of §14 of the German Civil Code (BGB)). D&B D-U-N-S Numbers serve the purpose of simplifying the dialogue and traceability of business partners in national and international financial transactions, particularly in the context of preparing for and implementing business relationships. The UPIK platform can be used to apply for D&B D-U-N-S Numbers, manage the corresponding user data and determine the names or D&B D-U-N-S Numbers of other economic actors via a search function. The provider of the UPIK website and the user’s contract partner for services relating to the UPIK online platform is Bisnode Deutschland GmbH, Robert-Bosch-Straße 11, 64293 Darmstadt (“Bisnode”).

§ 2 ASSIGNMENT OF A D&B D-U-N-S NUMBER

The offer of assigning a D&B D-U-N-S Number is non-binding. The application to assign a D&B D-U-N-S Number is accepted with notification of the D&B D-U-N-S Number. There is no legal entitlement to the assignment of a D&B D-U-N-S Number.

§ 3 COSTS

Use of the D&B D-U-N-S Number is always free of charge, as are the application and assignment process. Exceptions may apply to special services in the context of the assignment (such as accelerated processes or processes involving foreign countries). In such cases, the user will be specially notified of any costs that may arise before the order.

§ 4 LOGIN DATA

A login is required to use some services of the UPIK online platform, for which the user is assigned personal login data after prior registration. The login data must be treated confidentially.
